DETAILED ACTION

Claim Rejections - 35 USC § 112

- 1. The following is a quotation of the first paragraph of 35 U.S.C. 112:
 - The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.
- 2. Claims 1,3-5,8-10,12, 14-16,21-23 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claim 1 disclosed the drugs selected from the group consisting of a calcium channel blocker, an ACE inhibitor, a narcotic analgesic or analogues, the applicant did not include any analogues in the specification. Claims 3-5,8-10,12, 14-16,21-23 are dependent on claim 1, which is rejected for written description.

Claim 5 recites:

An effervescent pharmaceutical formulation according to <u>calim</u>,(?) wherein the drug loading of the microcapsules ranges for about 10% to 70% by weight.

Claim 5 is rejected for failure to cite the claim dependency.

Claim Objections

Claim 7,15, and 25 are objected to because of the following informalities:

• Claim 7 is objected to as it lacks the word formulation after "wherein"

Art Unit: 1618

Claim 15 is objected to as it recites "any one of claims 1"

Claim 25 is objected to as it lacks the word group after "from the"

Appropriate corrections are required.

Allowable Subject Matter

3. Claims 11,13,24,25-29 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim 6 is allowable.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nabila G. Ebrahim whose telephone number is 571-272-8151. The examiner can normally be reached on 8:00AM-5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thurman Page can be reached on 571-272-0602. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
